✱ I designed Ariel's character like this "Although Ariel hates dresses, she actually loves animals" She also wants to keep Hera (The cat you see in the picture on the right, it will appear in the next chapter), because I want to give the lonely Ariel who left Lucas and her companions, a furry little creature. This is also my parental love towards the character (Tho the cat doesn't do anything, it's totally unrelated to the storyboard...) However, this is the first time I realised that I really love to draw cats apart from drawing hearts (heart shapes). No matter how tiring this job is I'll still draw cats conscientiously. Haha. I'm such a terrible person! I hope you all like her (the cat), too! (Forcing you guys to like her)

Shhh
Here
Don't
wake
Aciel up.
Aciel,
Let's go
sleep in
the bed.
...
Lucas...
It's more like she
flaked out than
fell asleep.
It's been
three
days
aboard.
It's
her limit
I guess.
Lucas.

Only able to freely meet the man she loves in her dreams...
And I can't to stop it...
Luc.. as
Ariel...?
What shall I do
To make you fall in love with me?

scene. 33

Astarte 2

We have been under your cordial reception
Sultan Suleiman
I wonder how shall I show my gratitude to you,
I can only
sincerely wish you good health
Leaving without repaying your kindness makes me feel very insecure

Then... what do you plan to do, smart Daniel?
Aye, Your Highness
Daniel?
Have you seen "The Monster" yet,
Is it going to be a war?
or is it retreating from Malta Island?
I suppose you're going to make suggestions to Grand Master of Knights, right?
However, if you're just asking about my own opinion...
This is a too important decision, myself alone cannot answer to it.

Team Zica Credits: *Zilvere* scanned.

I want to die fighting for my country

So before then,

before she comes back to us

we will do whatever we can to prevent Malta Island from falling

I suppose Your Majesty

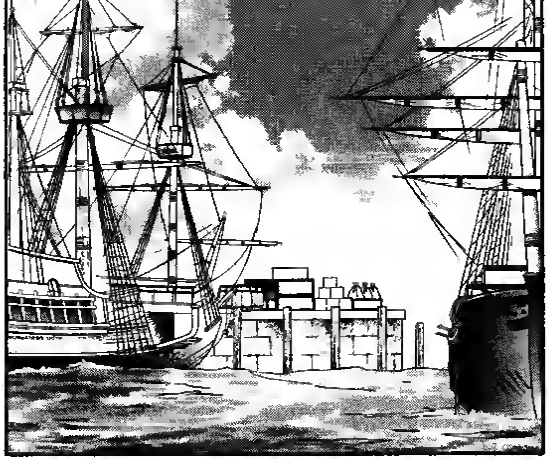
will give Aciel back to us one day.

I hope to go back to my home land, the Malta Island,

She won't come back anymore
I have already granted Aciel to Dragut
What made you think so?
It's better not to have any hopes for that
the female knight has become the strongest Turkish pirate's wife
It's known to all Turkish people that
Even if they are chasing dreams that are impossible to achieve
Men are creatures that strive to live on
That is the nature of human kind.
They will continue walking towards the path of light

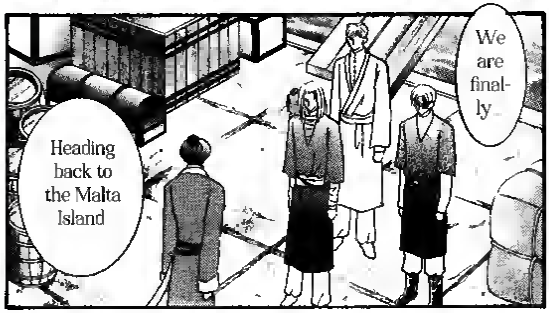
Might a.e father, nd son, in our previous lives.
You and I.
He is always sharp and brave
He's never scared
No matter who he's facing
Daniel
We reunited as enemies this time
Al though
Your Majes ty
MUMBLE
We will probably be father and son again.
Yet, in our next lives

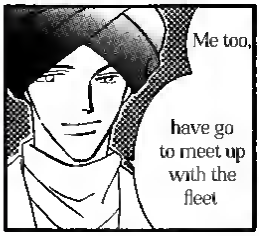
I hope
in our next lives,
After I leave this place today,
I will be able to reunite with you
I will probably never meet this noble person again in my life.
The king who has scary powers and kindness at the same time.

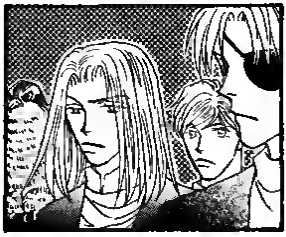


Farewell, Sultan Suleiman.

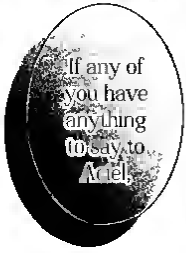
As your ideal son,







I will definitely fight until the end, to not disappoint you.



Team Zica Credits: ***Akanenaokiki*** translated. Thank you!

I know your plan is to rescue Aciel,
but you need to invent a better excuse
There's no need to lie!
Take me to where Dragut is!
I want to be the pirate's fellow, too
I'm not lying
Just give up, Hercules
Like I said,
Captain's love for Aciel is pure
Captain would definitely not harm her
Even if Aciel can't forgive him for killing her father, and moreover she's seeking revenge,
Thus,
you really don't need to worry

I will definitely!
Does it count as happiness just to not have your life threatened?
Yes, of course
Not being able to disobey the promise made to Sultan Suleiman and she even have to submit to Dragut desires for the rest of her life!
Can you even call that happiness?
Snatch Aciel back from Dragut!
Then, we will have to get rid of the promise that Aciel made to the Sultan
KOU!

Team Zica Credits: ***Ren and Carola*** cleaned.

Sir Lucas, you can't move alone yet!!!
Lucas!
!!
Even if we go and rescue Aciel,
Aciel wouldn't budge due to the promise she made to the Sultan
There-fore,
To bring Aciel back,
We can only kill the person whom the Sultan granted Aciel to

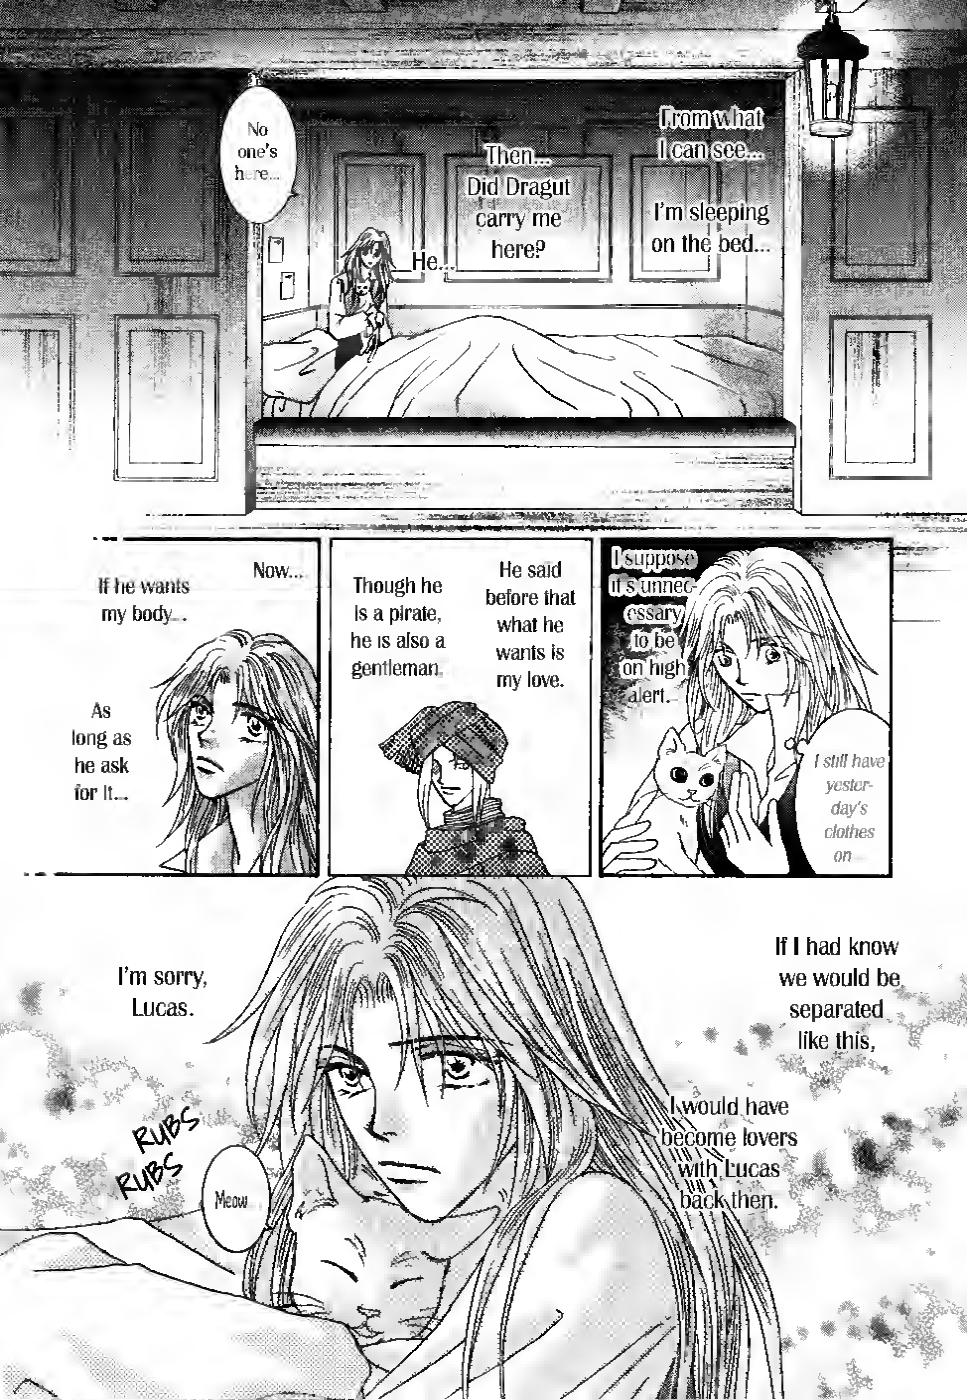
We have to kill
Dragut Reis.
Only by killing him
we can bring Aciel back.

Aciel my reason for living,
and I must bring her back!
I got my life back thanks to the Sultan and Dragut's kindness.
But,
I'll never give Aciel up even if I have to throw my reputation of a knight away.

Next time we meet,
we will be enemies again.
I would even
Status, reputation, and even my life.
I'd give up on all of them just to get Aciel back.
Goodbye,
Vice captain Daud
Cut ties with a blood-related family member.

I remember that
Sister has that same black gaze that Lucas has.
Before we turn back into enemies,
I have a piece of advice for you, Lucas.
Though Captain's right arm can no longer move,
yet he won't be beaten so easily by you
The Angel of Death,
will come back.

!!
Definitely!
Mmh mm
Meow!
You
Who are you?
nya
I have no memory of falling asleep
I was too careless.
Damn!
SHA SHAA!



No one's here...
He...
Then... Did Dragut carry me here?
From what I can see... I'm sleeping on the bed...
Now... If he wants my body...
As long as he ask for it...
Though he is a pirate, he is also a gentleman.
He said before that what he wants is my love.
I suppose it's unnecessary to be on high alert.
I still have yesterday's clothes on
I'm sorry, Lucas.
RUBS RUBS
Meow
If I had know we would be separated like this,
I would have become lovers with Lucas back then.

Good Morning!
Morning, Princess!
Good Morning!
Mor ning
Where's Dragut?
The Captain?
He's there
Look!

Still not there yet.
I can only perform 70% of my right arm's former skills
SWOOSH

SWOOSH

Doctor Yavuz!
What's up, Captain?
Can you just cut my useless right arm off?
Things that cannot move are just burden,
My body might be lighter after I cut this thing off
I'd ask the Doc to do such thing
CAP...
TAIN...
You must not cut it off
That right arm,
fought for you many battles
Even if it can't move, blood still flows in it.
Look!
It's still warm

It's better not to!
Yeah, Captain!
Wifey is right!
Wifey
Meow
Hmm, are you already friends with him?
CLANG!
CLANG!
CLANG!
CLANG!
What is it?
Huh?

Ship on sight!
Looks like a Spanish Galleon Sailing Ship!
since I found a prey...
It's been a long time,
THUD
THUD
THUD
Every-body to their spots!
Cannons ready to shot!

But I've become a Muslim Pirate...
The merchant... Galeón ship...
is full of normal merchant people on board...
And I've promised to Sultan Suleiman that I'll do anything even if it means to go to hell...
I've sworn
as a Knight
If the pirates attack, there will be many deaths
And the ones who survive will be sold as slaves
I've sworn...
and many women and children as well

I still can't do that!!
But...!
SFX: STAGGER
グラアア
Wahh!!
What's going on?!
I'm not a murderer!!
It's changing its course!
The merchant ship has discovered us!
DON'T BELITTLE THE BARBARY PIRATES!
TRYING TO ESCAPE?
BWA HA HA HA!

PANIC!
We are turning away from our prey now!
Why making a 180 degrees turn?
Helmsman! What are you doing?!
!!
THUD THUD THUD
HOW CAN I REPORT IT TO THE CAPTAIN?!
Helmsman
PRINCESS!!! PLEASE STOP!!!
DOING SUCH A THING...
SFX: CLACK-CLACK-CLACK

Why did they change their plan?
They were certainly sailing towards us just now...
Why... are they doing that?
The pirate ship is changing its route...
Cap tain,
This must be a blessing send from Heaven!
We have no idea what happened...!
Thanks God!
I'm so glad!
Let's escape as fast as we can! Now!
Any... Anyway... Let's seize the chance and...
YAYYYY!!
Thank you, Lord!
He must have sent His Angels to protect us!

I'm sorry,
Hubby.
I still can't kill ordinary people
Although I have already prepared myself to be a pirate,
I'd gladly accept any punishment
I apologise for causing you problems, Dragut
PRINCESS! THIS ISN'T A TRADE!
Yes
I know this sort of thinking won't work
or if it's a ship filled with christians,
If the boat is filled with armies,
Go all out
or if it's a warship, I'll definitely

Captain. . Don't!
No ..!
You can't kill the Princess!
Only the Princess can bear Captain's heirs!
You won't find someone else you truly love like this in the future!

The hers...?
It's okay if the Princess doesn't want to be a pirate!
The children that the Princess gives birth to will definitely become great pirates!
More over!
She's probably pregnant with your children now!
That's 100% impossible
...
Anyways, captain! You must not kill the Princess!

Therefore...
I can't...
The children Aciel would give birth to
must be really cute.
...
chuckle
Children huh...
I've never thought about it before.

After sailing across the Gibraltar strait,
there is a beautiful island where I have my villa.
make you live on that island.
I will

I'm in deep prob-lems!
It's the perfect place
to give birth.
Oh crap!
This is your punishment
